1. Working on dates for VBS, Rockin Route 9 and mission bags as well as planning summer events. Tom said that he received an email from the group "State of Grace" stating that they would be interested in coming to the church to sing if we wanted them to perform again.
2. Council agreed that they would look at the calendar to see what a good date might be to ask the group to come sing at a church service. Judy is going to call and check on dates that the Pavilion is available this summer to help with planning the summer events.
